Step 1:

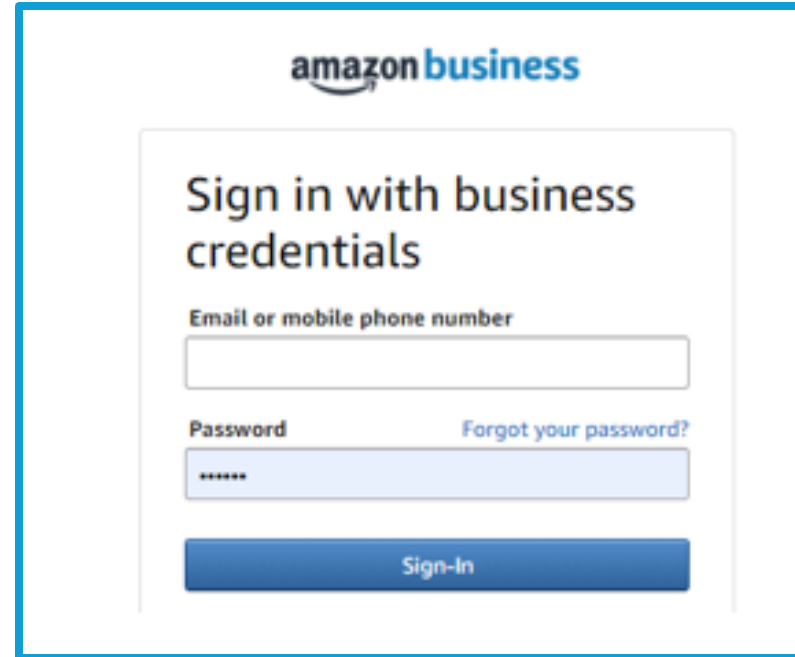

Visit program's URL: <https://a.co/9YNDxrz>

The image shows the Amazon Business enrollment landing page. At the top is the Amazon Business logo. Below it is a line-art illustration of a city skyline with a classical building in the center. The text reads: "Shop for work and share the benefits - you're invited to join". Below this is a paragraph: "Join others from your broader organization to take advantage of shared shopping lists, order info, promotions, and more." At the bottom are two buttons: "Create an account so I can join" (orange) and "Join with my existing Amazon Business account" (grey). The grey button is circled in red.

Step 2:

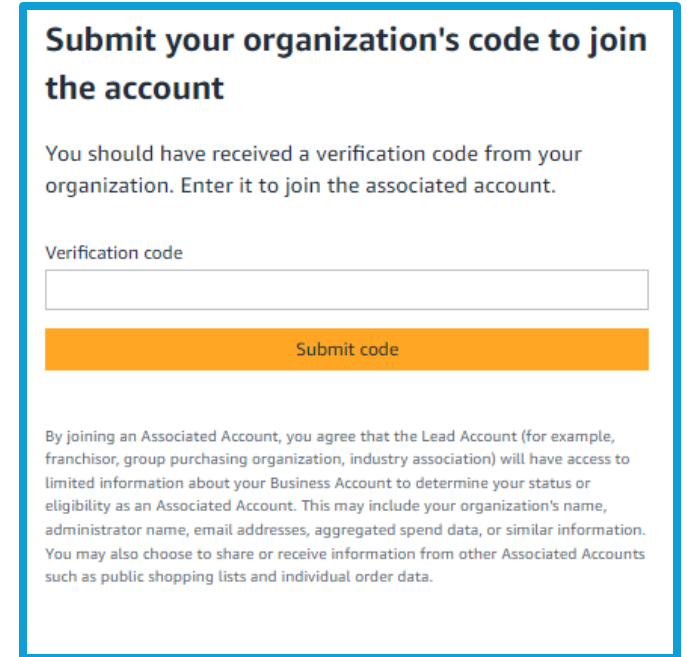

Sign in with business credentials.

The image shows the Amazon Business sign-in page. At the top is the Amazon Business logo. The main heading is "Sign in with business credentials". Below it are two input fields: "Email or mobile phone number" and "Password". There is a "Forgot your password?" link next to the password field. At the bottom is a blue "Sign-In" button.

Step 3:

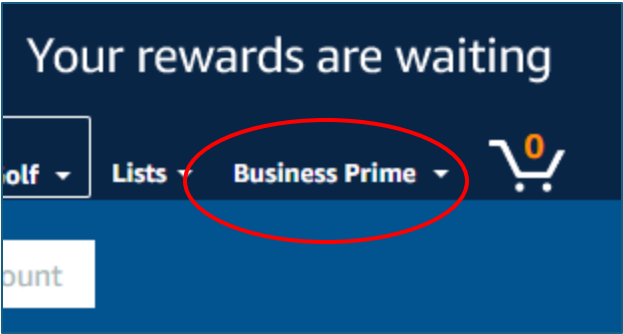

Enter verification code: FPZUSE

The image shows the Amazon Business verification page. At the top is the Amazon Business logo. The heading is "Submit your organization's code to join the account". Below it is a paragraph: "You should have received a verification code from your organization. Enter it to join the associated account." There is a text input field for the "Verification code". Below the field is an orange "Submit code" button. At the bottom is a paragraph of terms and conditions: "By joining an Associated Account, you agree that the Lead Account (for example, franchisor, group purchasing organization, industry association) will have access to limited information about your Business Account to determine your status or eligibility as an Associated Account. This may include your organization's name, administrator name, email addresses, aggregated spend data, or similar information. You may also choose to share or receive information from other Associated Accounts such as public shopping lists and individual order data."
